Professional Summary

Cyber Security fresher with practical knowledge in penetration testing, and vulnerability assessment. Strong problem-solving skills and a keen interest in cybersecurity, seeking an opportunity to contribute to a security team and grow as a penetration testing professional.

Skills

- Network Security
- OWASP Top 10
- Network Penetration Testing
- OSINT
- Linux & Windows Operating Systems
- Vulnerability Assessment

Tools

Elastic Security Veil Caldera Mimikatz Wazuh CrowdSec Suricata OpenVAS Burpsuite Nikto Maltego Shodan Evilginx2 chisel Nmap Nessus Metasploit medusa Covenant PoshC2 crackmapexe Cobalt Strike Wireshark netcat sshuttle Hydra rustscan Beef OwaspZap john the ripper sqlmap bloodhound sub3lister FFUF Splunk nuclei kerbrute

Projects

- **Threat Hunting with Elastic Security:** Correlated security events, hunted suspicious activity and mapped attacker behavior to MITRE ATT&CK techniques.
- **Full Incident Response Cycle:** Launched an attack with Metasploit, detected the live threat in Wazuh and blocked the attacker IP using CrowdSec.
- **Vulnerability Management Pipeline:** Scanned targets with OpenVAS, imported findings into DefectDojo, prioritized by risk and wrote remediation plans.
- **CTF & Labs (TryHackMe, PortSwigger):** Solved challenges covering XSS, IDOR, exploitation, privilege escalation, lateral movement and pivoting.
- Report Writing

Internship

Offensive Security Engineering (Intern) [Gandhi Nagar, Gujarat, India] Aug 2026

Company - CyArt Tech

Duration: 4 Months (Present)

- Plan and document red team operations and map adversary techniques to the MITRE ATT&CK framework.

- Conducted controlled attack simulations in an isolated lab environment to validate blue team detection capabilities and identify monitoring gaps.
- Configured C2 frameworks in an isolated lab to simulate persistence and post-exploitation activity.
- Simulated phishing scenarios in an isolated lab environment to evaluate email security controls and improve detection capabilities.
- Performed network defense and threat hunting exercises using open-source tools.
- Analyzed Darktrace's Dark Web Monitoring & Threat Intelligence platform to identify areas for improving crawler capabilities and enhancing dark web threat intelligence collection.

Education

- **Bachelor of Computer Applications (BCA)** [Govt Collage, Meham] Present
- **Diploma in Cyber Security** [Craw Security, New Delhi] Sep 08 2025
- **HBSE XII Arts** [Haryana Board Of School Education, Bhiwani, Haryana] May 13 2025
- **NIOS X** [National Institute Of Open Schooling ,India] Apr 16 2019

Certifications

- **Certified Ethical Hacker (CEH)** – EC-Council
- **Ethical Hacker** – Cisco Networking Academy
- **Advanced Penetration Testing (APT)** – Craw Security
- **In-Depth Networking** – Craw Security
- **Linux** – Craw Security

Personal Details

- Date of Birth : 25 Sep 2001
- Languages : Hindi ,English
- Nationality: Bhartiya
